

# Industry Spotlight

## ***Brand-Nu Laboratories, Inc. Overview***

Brand-Nu Laboratories has a long history supplying excipients to the pharmaceutical industry. Founded in 1956 and ISO 9001 registered since 1998, Brand-Nu Laboratories has continued to grow and modify its service offerings to anticipate the needs of its pharmaceutical and biotechnology customers. Our achievement as one of Mallinckrodt Baker's Certified Excipient Distributors, and the only in the Northeast United States, offers you an independent confirmation of our capabilities, affording you a strengthened degree of confidence in us.

## ***Services for Biopharmaceutical Customers***

- Warehousing following cGMP guidelines and compliant with IPECs Good Distribution Practices
- Change control and notification, total traceability, and tracking purchases by lot number
- Assisting with quality conformance requirements through our review and management of customer specifications as part of our document control system
- Coordinating the acquisition of all raw material documentation, including allergen, residual solvent, BSE/TSE, GMO, analytical methods, and stability testing information
- Customer specific order configurations, including labeling and palletizing, and accommodating special lot requests, such as requesting a specific lot or not a specific lot since it was previously received
- Summary billings, on-line ordering
- Regular meetings with buyers/planners/schedulers to ensure consistent supply, effective communication, and enhancing our understanding of customer objectives and specific requirements
- Problem solving, coordinating technical meetings with manufacturers, and addressing Corrective Action Requests

## ***Facility Information***

Brand-Nu Laboratories operates plants and distribution centers worldwide. Our East Coast Distribution Center in Meriden, CT also houses our administrative offices. Meriden is centrally located so that we provide quick access to customers in the Northeast United States using our own transportation system. We supply other parts of the US from locations in the Midwest and California; Europe is supplied from Dublin, Ireland. We also ship to other parts of the world from any of these locations. We have a cGMP warehouse and packaging operation in Dublin, Ireland; and manufacturing sites and warehouse facilities in Shanghai and Shandong, China.

Our primary mission is to partner with our customers to assist them in meeting their business objectives. We are flexible, innovative, technically competent, and provide exceptional customer service. We strive to fully understand your requirements and current initiatives so that together we can devise ways to meet your needs. Our goal is unique solutions that offer you a competitive advantage in your marketplace. We will meet your requirements for product quality, packaging, labeling, technical support, coordination of documentation, and auditing access. We have the knowledge and industry experience to deliver on this promise. Challenge us to prove it.

The logo for Brand-Nu, featuring the word "Brand" in a white serif font and "Nu" in a white sans-serif font, both set against a red rectangular background. A small "TM" trademark symbol is located to the right of the "Nu".
